We are ...

A great bunch of audio enthusiasts with the strong belief on “Great sound is for everyone”. At LEWITT, we continuously innovate to make it easy for anyone to express themselves with exceptional sound. Whether at home, on stage, or in the studio, beginner or professional.

Working at LEWITT means working in a respectful and agile environment that allows you to grow. We are an international and diverse team representing more than 20 nationalities in a modern office space with a rooftop panorama terrace and an in-house recording/content creation studio. Everything we do, we do to the fullest. Make yourself heard!

This is you ...

- You are enthusiastic, willing to learn and to grow with us
- You come up with new ideas, a unique point of view, and you look forward to working in a diverse and international environment
- You are a team player who puts the teams' success above personal achievements
- You value and practice transparency with honesty
- You proactively contribute to a culture of respect, constructive exchange and togetherness

This is how you can support us ...

- You are leading a team of 4 people, providing expertise and support as well as coordinating everyday tasks of the product management department
- You ensure the successful introduction of hardware and software products on the market
- You actively take the product owner role in a cross functional project team
- You actively engage in the identification of interesting market opportunities
- You provide expertise and guidance in the further build-up of customer support excellence
- You provide the needed skills to achieve stakeholder buy-in

Your profile ..

- You have already shown that you have the ability to lead and develop teams in your previous career
- You have deep knowledge of and a strong interest in audio products as well as a good understanding of technology in general
- You have gained at least 3 years of experience as a Product Manager
- You also provide experience from a relevant position in bringing hardware products to the market - from idea to market introduction
- You have a strong hands-on mindset
- You are capable of using audio software like DAWs
- You have a good understanding of the audio market and its opportunities
- You have an excellent command of English

Make yourself heard.
